ANDROID AUTO™ ADAPTER**

Bluetooth car adapter for Apple CarPlay™ and Android Auto™

REF : CY-CY5669WLCCH

EAN : 848116051062

EXISTE EM : PRETO

**DESCRIÇÃO :**

The **DriveSync Wireless Adapter** from **Cygnett** instantly converts your wired Apple CarPlay™ or Android Auto™ connection into a wireless one. Compact and easy to use, simply plug it into your vehicle's USB port to automatically connect your smartphone via Bluetooth and Wi-Fi, with no app or complicated setup required.

Enjoy hands-free access to navigation, music, calls, and your apps, while keeping your car's original controls. Discreet and universal, it fits both USB-A and USB-C ports, providing a smoother and more comfortable driving experience.

PONTOS FORTES :**Go wireless in seconds.**

Plug the **DriveSync** wireless adapter into your existing Apple CarPlay™ or Android Auto™ wired connection, turn on your phone's Wi-Fi and Bluetooth, and pair them. Once connected, the adapter remembers your device and automatically reconnects every time you start your car.

Universal compatibility.

Works with all Apple and Android devices for a smooth, uninterrupted connection every time you use it in your vehicle.

Fits any USB port.

The adapter comes with a cable that lets you easily connect your car's USB-A port to a USB-C device.

Extend your connectivity.

Mirror your screen, stream music, follow navigation, and take calls wirelessly, while keeping all your car's original controls fully functional.

CARACTERÍSTICAS :

From wired to wireless: easily connect to your existing Apple CarPlay™ or Android Auto™ wired system and go wireless in seconds for a more convenient driving experience.

Compatible with all USB ports: plug it into a USB-A or USB-C port using the included adapter for compatibility with any vehicle.

Simple plug & play: no app or downloads required. Just pair your phone and you're ready to go.

Automatic connection: once paired, your phone will automatically connect every time you start your vehicle.

Hands-free access: listen to music, mirror your screen, navigate your route, or use your phone safely without any cables.

Preserves your car's original functionality: keeps all your car's original controls, including touchscreen and steering wheel buttons.

Compact size: measuring 31 mm high × 31 mm wide × 24 mm deep, this adapter is sleek, compact, and takes up very little space in your car console.

2-year warranty: enjoy peace of mind with two years of coverage.

COMPATIBILIDADE :

Porto USB-A, Porto USB-C
